Sony BMG Bumps Baldrica; BNA Ups Moxley

BNA VP/Promotion **Tom Baldrica** and Sr. Dir./Promotion **Rick Moxley** have new roles in the latest round of promotions coming from within the Sony BMG building that has seen more than its share of changes in the past 12 months.

Last Friday Baldrica was elevated to the newly-created post of VP/Marketing for Sony BMG/Nashville's contingent of labels, Arista, BNA, Columbia and RCA. Then, early this morning, and as predicted in last Friday's **Country Aircheck** (9/15), BNA Sr. Director/National Promotion **Rick Moxley** was promoted to VP/Promotion.

Commenting on the two promotions, Sony BMG Exec. VP **Butch Waugh** said, "[Tom's] forward thinking, energy, insights and competitive drive are all very impressive attributes. But his love of people, this company, and country music are the reasons he is the best possible choice for this newly created position. Tom has a keen marketing sense of country music and is already contributing to our current successes.

"[Rick] has shown the ability to place our artists and their music into a position to succeed. He is well respected, and his years of experience and hard-earned knowledge will serve him well in this leadership role."

Baldrica arrived at BNA in 1993, beginning a four-year stint as Southeast regional before advancing to VP in 1997. Prior to joining BNA, Tom was the PD at WUSZ & WCDK/Duluth, MN.

COFFEE GROUNDS

After a short stint at Nashville's Edgehill Studios Café coffee shop, the **Country Aircheck** gang has checked into new digs: 9 Music Square W., Nashville, TN, 37203. While new phone numbers are pending, **Lon Helton** can be reached at 615-491-3671 or lon@countryaircheck.com, **Chuck Aly** at 615-509-8432 or chuck@countryaircheck.com and **Mary Forest Campbell** at 615-525-7683 or maryforest@countryaircheck.com.

Moxley is a 20-year promo vet who has spent the last eight years with BNA. He's also worked at Warner Bros./Nashville, Giant and Rising Tide/Universal.

• **Hot Air:** L'il Tommy and Mox don't even have their new chairs warm and already folks wanna know who's gonna get the national gig at BNA. We're sworn to secrecy -- but look for it to go to someone who's not currently in the Sony BMG compound. (See page 5 for more on the SBMG changes.)

Kaplan To CC/Ft. Myers

WLTM/Atlanta PD **Louis Kaplan** is transferring from the Clear Channel AC station to the company's Ft. Myers, FL cluster, where he will be OM. The group includes Country WCKT. The OM post has been vacant since **Michael Cruise** left for the WDAF/Kansas City PD job last May. Kaplan has been with Clear Channel since Aug. 2002 and was named WLTM's PD in Jan. 2003. He previously programmed KLLC/

Chart Chat

• Congrats to UMG/Nashville Sr. VP/Promotion **Bill Catino**, MCA/Nashville VP/Promotion **Royce Risser** and the entire MCA promo team on **George Strait's** newest No. 1 "Give It Away." It's the first single from Strait's 34th studio release, *It Just Comes Natural*, which will be in stores on October 3.

This is Strait's 53rd career No. 1, taking into consideration all current and past major trade publication charts. This puts Strait two behind the all-time No. 1 leader, **Conway Twitty**. And, once Strait passes Conway, he will most likely set a record that will never be broken -- especially given the present Country single/chart environment in which an artist barely gets two complete singles per year.

It's been quite a year for Strait already: 2006 is the 25th anniversary of the release of his first single, "Unwound." And, of course, it was recently announced he will be inducted into the Country Music Hall Of Fame during the CMA Awards Broadcast on ABC-TV on Nov. 6.

• Mega-kudos to **Scott Borchetta**, **Jack Purcell** and all the Big Machine folks who just one year and two weeks after launch have notched three tunes in the **Country Aircheck** Top 25. **Danielle Peck** checks in at No. 14 and is among this week's Top
